## Fire Alarm Is Used As Town Crier Monday

It took the fire alarm system to call out enough voters so that the board of selectmen could conduct a special meeting. Only 57 were present at 8:45 when Town Moderator Philip Buzzel opened the meeting.

The voting and business for the evening was as follows:

Article 1 was voted, to transfer from the unexpended balance of the appropriation for civilian defense the sum of \$300 to erect and maintain an honor roll for all persons of this town now serving in the U. S. army, navy, marine corps and coast guard and to erect it in a suitable place in the town. A committee of five was appointed to have charge of erecting the honor roll and are: Commander Paul Dayton of Wilmington post 136, A. L. Louis Kennedy, commander of the Veterans of Foreign Wars post 2458; Mrs. Elizabeth Kelley, president of the American Legion auxiliary, unit 136; Louis T. McMahon and Caleb S. Harriman.

Under Article 2 it was voted to transfer from the excess and deficiency fund the sum of \$3500 to provide for civilian defense. The appropriation was voted at the last annual town meeting but was not in the 1942 tax levy. It was voted to transfer the sum of \$3000 from the repairs to standpipe account to the water department operating department.

Under Article 4, it was voted to act upon a committee report on the problem of the over-crowded conditions at the high school. Herbert Barrows read a report of the committee in place of Chairman August MacLeod, who was not present, and it recommended that the town purchase the land known as the Roman estate in Church street with approximately 18 1-2 acres.

The location of the land is considered by the committee to be ideal for the erection of a suitable school, as well as an adjacent athletic field. In addition, the committee has in mind that adequate space be available for another town building if at some later date in the discretion of the voters such a building is needed.

The committee realizes it will be impossible to construct a new school until the end of the present war, but, nevertheless, recommends the purchase of the aforesaid land while it is available. The purpose of the committee in submitting this report to a special town meeting at the present time is to bring the matter before the people of the town for consideration and discussion, rather than to seek any immediate action on the proposal. The committee suggests that such action might more appropriately be taken at the next annual town meeting, after the voters have had ample opportunity to consider the recommendation. For this reason, no motion was presented with this report, but the suggestion was made that the report be accepted as a report of progress, and that the committee be continued in existence. The committee includes: August G. MacLeod, chairman; Herbert O. Barrows, William Curtin, Charles H. Black and Edwin J. Twomey. A report of progress was voted.

It was voted to transfer to the general school appropriation all funds collected from fire insurance companies on account of the damage by lightning and fire to the Silver Lake school. It also was voted to transfer the sum of \$1000 from the old age assistance administration town account to pay outstanding welfare bills incurred in previous years.

A BATTERED old chair, a scrap of plywood, part of a can of flat paint, and a can of aliphatic blue enamel—a piece of blue and white ticking and a strip of coarse white material that was raveled out to make narrow fringe. Combined, these odds and ends made an attractive chair.

The old chipped white enamel was rubbed with coarse and then

fine sandpaper until smooth. The new real came next; then flat paint which was allowed to dry 24 hours before applying enamel. Next, the cover was made with a straight two-inch fringe trimmed band and ties around the uprights of the back.

In the Know

He was enlarging on the dangers of modern fads, and with a dramatic gesture pointed an emphatic finger at a rather hand-assed-looking and inoffensive infant and demanded:

It appeared that the little man did know, for he replied in a husky whisper: "Wedding cake!"

### 'Sissy' Parachutes

Sailors generally believe that porpoises bring luck when they follow a ship. This is a very old story. It dates from the days when people believed in a sea-god who was constantly at war with the spirits of the winds. This sea-god was supposed to be attended always by dolphins.

Now porpoises are very similar to dolphins, so if a sailor sees a porpoise gambling about his ship he knows the sea-god is for the time victorious over storms and gales, and therefore the voyage will be prosperous.

Board of Selectmen,  
Licensing Board,  
Town Hall,  
Wilmington, Mass.  
Dear Gentlemen:

We recommend to the Board, in view of the recent fire in Phyllis Cafe in Wilmington and other serious out of town fires in Dine and Dance Clubs etc., that all 1943 Liquor Licenses for Wilmington be withheld until every applicant has been granted a certificate of approval by the State Department of Public Safety in accordance with the laws of the State. Local fire inspection is not sufficient, our people need the protection of the State in matters where hundreds of lives are concerned.

We recommend, that the motion passed at the Town meeting held June 22, 1942: Article 3, a unanimous vote calling for the closing of all places holding licenses, for liquor to be drunk on the premises, at 12 o'clock midnight and the last drink to be served 11:30 p. m. on any secular day, be put into effect on January 1, 1943 in defiance of this mandate of the people on June 22, there are still places doing business in the early morning hours. Please enforce the laws and restrictions before it is too late.

Sincerely yours,

WILLIAM H. FEINDEL,  
President, License Control  
Association.

Estate Papers Filed  
For Fitzgerald Boys

A sequel to the tragic reunion of the four Fitzgerald brothers of Wilmington, who died in the Cocoanut Grove holocaust of Nov. 28, came in Middlesex Probate Court yesterday when petitions for administrators of their estates were filed, naming

their mother as only heir-at-law. The petitions were filed by James H. Walsh of 171 Gray st. Arlington, a cousin, at the request of the mother, Mrs. Mary A. Fitzgerald of Fitz terrace, Wilmington. They showed the brothers possessed less than \$10,000 among them, and that all were unmarried. None had made a will.

The brothers, who had gathered at the Cocoanut Grove that fatal Saturday night in reunion, included Private (first class) Henry, Thomas Fitzgerald, back on furlough from a Florida army training field; James Joseph Fitzgerald, Wilfred Augustine Fitzgerald and John Andrew Fitzgerald.

—Col Drew of West Street has signed up with the United States Marines and expects to leave town right after Christmas.
